

TOWN OF BENNINGTON
CEMETERY TRUSTEES
Minutes of the meeting- February 12, 2008

Present: Thomas Belcher
 Barry White

Thom opened the meeting at 6:30 p.m.

The contents of the shed at the cemetery were reviewed and it was noted that though there are wheel barrows, there is not any supplies of great value stored in the shed at this time. A recommendation was made by Barry to use the 16 bags of Scott's products in the spring.

Barry asked if Jill had made a master list of the Rules and Regulations. It was not known but Thom stated that he was sure that she would have it when the Trustees would be available to work on updating the Rules and Regulations.

Barry asked about the rules pertaining to the placement of corner markers on burial lots. It was noted that the regulations state that markers shall be put in place within one year of burial.

Barry reported that the Cemetery Trustees budget has been approved with the omission of the funding for surveying. Barry expressed disappointment but noted that there are enough lots presently available to last for a few years.

There being no other business, the meeting was closed at 6:45 p.m.
